

Company Data

MBE | SDB | SDVOSB

DUNS #: 147673888

CAGE Code: 4JTH3

Primary NAICS Codes:

213112 Support Activities for Oil and Gas Operations

236210 Industrial Building Construction

236220 Commercial and Institutional Building Construction

237110 Water and Sewer Line and Related Structures Construction

237120 Oil and Gas Pipeline and Related Structures Construction

541330 Engineering Services

541519 Other Computer Related Services

541611 Administrative Management and General Management Consulting Services

541620 Environmental Consulting Services

541690 Other Scientific and Technical Consulting Services

541990 All Other Professional, Scientific, and Technical Services

561110 Office Administrative Services

561210 Facilities Support Services

561320 Temporary Help Services

561612 Security Guards and Patrol Services

561621 Security Systems Services (except Locksmiths)

562211 Hazardous Waste Treatment and Disposal

562212 Solid Waste Landfill

562910 Remediation Services

611430 Professional and Management Development Training

Contact Information

Core Capabilities

BGI provides expertise in the follow areas:

- **Investigation, Characterization, and Remediation**
- **Regulatory Compliance and Permitting**
- **Construction and Construction Management**
- **Safety Management and Industrial Hygiene**
- **Scientific, Technical, and Administrative Support**

Why Choose BGI?

- Service-Disabled Veteran-Owned Small Business (SDVOSB)
- Minority Business Enterprise, Small Disadvantaged Business
- BGI's safety program demonstrates our commitment to the safety of our employees, others in the workplace, and the environment.
- BGI excels in providing environmental health and safety expertise (CSP, CIH, CHST, OSH) for Government and Commercial clients.
- BGI understands the importance of project execution and prides itself on exemplary service, customer satisfaction, and repeat business.
- Our professional staff provide innovative and effective solutions to complex projects.

Select Project Performance

Sandia National Labs (SNL) - Mixed Waste Landfill (MWL) Re-evaluation BGI performed environmental engineering evaluation of two RCRA remedial alternatives for the MWL at SNL. The two remediation alternatives evaluated included complete excavation with off-site disposal and complete excavation with on-site disposal. BGI presented an evaluation of the CMS Report, prepared excavation scenarios, and provided a detailed conceptual design for on-site disposal.

SNL - Groundwater Bioremediation BGI is providing environmental remediation services to remediate groundwater at TA-V at SNL. This project includes implementation of pilot study to determine if the selected bio-amendments would remediate the constituents of concern (trichloroethylene). Activities include pilot- and full-scale implementation of the remedy, design/construction of the remediation system, mobilization, operation of the injection system, monitoring, and groundwater sampling. BGI prepared a CSSP, as-built drawings, project plans and reports, and conducts data evaluation in real-time.

Los Alamos National Laboratory (LANL) - Technical Area (TA) 21 Delta Prime (DP) Site Aggregate Area BGI is providing sampling and environmental support services for characterization, remediation, decontamination, and demolition of underground industrial waste lines, tanks, and underground structures for the TA-21 DP Site Aggregate Area Project. BGI's sampling scope includes supporting the investigation of the soils beneath the footprint of Building 21-257, being demolished as part of this project. BGI's is onsite supporting operations to prevent and mitigate adverse environmental impacts and to ensure operations comply with Facility and Prime Contractor requirements, provide environmental protection and compliance training for site workers, conduct environmentally related pre-job briefings, evaluates site for environmental protection and compliance issues, interfaces with Prime Contractors and the Project STR to resolve project issues, initiate mitigation, and updates project documents.
